

IMPACT REPORT

January 2025

In 2024, Quantum Foundation, led by its Board of Trustees and Grants Committee, made significant investments aimed at strengthening health initiatives, community well-being, and resilience through strategic partnerships, highlighting the transformative power of philanthropy.

2024 GRANTMAKING YEAR IN REVIEW

Season of Gratitude

On December 4, Quantum Foundation—Board of Trustees, committee members, it's team of professionals, and loved ones—gathered for a warm and joyful holiday dinner to celebrate our collective impact. The evening was filled with gratitude as we honored the leadership of outgoing Chairman Brian Kirkpatrick and the invaluable contributions of longtime Board Members Daniel Alberttis, Dr. Gerald O'Connor, and Michael Dixon. We also welcomed Bill Meyer as the incoming Chairman of the Board of Trustees, looking ahead to another year of inspiring work and meaningful change in our community.

Media Highlights

January 2025

In a recent “On the Record” interview by WPBF 25, President Eric Kelly highlighted Quantum Foundation’s mission to improve health and quality of life in Palm Beach County. Eric emphasized the foundation’s commitment to grassroots organizations, particularly through initiatives like *Quantum in the Community*, which provides grants to small nonprofits meeting basic needs. His insights reinforced our shared goal: empowering healthier communities for all.

Karl Dhana, M.D., Vice President of Medical Affairs at MorseLife Health System, recently received the Robert Kaplan Quality Champion Award from FMDA – The Florida Society for Post-Acute and Long-Term Care Medicine.

Congratulations

to Board Member, Dr. Dhana, on receiving this prestigious award recognizing his dedication to patient-centered care in Post-Acute and Long-Term Care settings. A Harvard-trained geriatrician with over 23 years at MorseLife, Dr. Dhana has led transformative initiatives that have improved patient safety, reduced hospital readmissions, and enhanced overall care quality. His leadership, innovation, and commitment to excellence embody the very spirit of this award.

Congratulations

to Board Member **Bradley Hurston** on being selected as a Project 12, 2025 Recipient. Project 12 is an initiative that highlights men of color providing positive role models through their spheres of influence in their community.

March, moving day!

Economic Mobility Summit

Quantum Foundation team members attended the 2024 Economic Mobility Summit with the theme “Securing Our Future Building Pathways for Upward Mobility.”

Our Executive Director of Palm Beach Venture Philanthropy (PBVP) Raphael Clemente and Northend RISE (Upendo Shabazz) spoke with attendees during the lunch plenary session. The topic for their discussion was Poverty, Place, and Race: Exploring the Legacy of Persistent Poverty in Palm Beach County.

Raphael presented the historical aspects of how the Coleman Park neighborhood has been affected by poverty and the mission and vision of PBVP.

Coleman Park Action Plan by WGI

The Coleman Park Action Plan draft is complete, and the next phase is to share the document with residents, community stakeholders, and city officials for feedback.

The plan includes a historical perspective of Coleman Park, updated comparisons from the 2009 neighborhood improvement plan, and a project matrix that outlines recommended tasks and roles under the following topic areas:

- Economic Vitality
- Housing
- Wellness
- Education
