Season of Gratitude

On December 3, Quantum Foundation closed out another remarkable year alongside our Board of Trustees, committee members, staff, and loved ones. The evening was filled with gratitude as we gathered for a warm and joyful holiday dinner, celebrating our collective efforts, the power of collaboration, and the impact made possible through our community partners. Chairman Bill Meyer shared remarks about the year ahead, reaffirming our commitment to ensuring the health of Palm Beach County residents remains at the heart of everything we do.

As we forge ahead through 2026, we do so with gratitude for our partners and renewed momentum for the meaningful work ahead.

The Culture Yard: Coleman Park Holiday Celebration

Photos and video courtesy of Grapeseeker Video & Graphics

On Saturday, December 13, RISE Coleman Park's Resident Advisory Committee proudly hosted the first annual Coleman Park Holiday Celebration at The Culture Yard along Tamarind Avenue. The event drew strong local participation, welcoming more than 225 residents for an evening of holiday festivities. Attendees enjoyed games, ornament decorating, desserts, food trucks, dance contests, raffles, Christmas tree lighting, Palm Beach Lakes High School Choir, and the opportunity to connect with neighbors across generations.

This inaugural celebration marks the beginning of a new annual tradition led by Coleman Park residents, designed to strengthen community engagement, foster intergenerational connections, and build a greater sense of neighborhood pride.

The Culture Yard: Phyllis Wheatley Library Mural

With the help of the Knight Foundation, a local public art collective, Street Art Revolution, was commissioned to complete a mural on the former Phyllis Wheatley Library located at The Culture Yard. The Phyllis Wheatley Library once served as an important resource for the Coleman Park community and surrounding areas prior to desegregation.

The front of the building highlights historic figures with deep ties to Coleman Park, including tributes to Dorothy "Dot" Riley, Negro League baseball players, and Dr. Thomas Leroy Jefferson. These individuals were selected through a resident survey, ensuring the artwork reflects the voices and history most meaningful to the community. The north side of the building features painted movie theater curtains against a white backdrop, intentionally designed to function as a projection surface for community movie nights and as a stage backdrop for future performances and cultural programming.

Thank You Coleman Park

The PBVP team extends its heartfelt gratitude to the residents of Coleman Park and to all the partners who have joined us in advancing efforts to improve conditions in underinvested communities across Palm Beach County. We look forward to continuing this important work in 2026, hand in hand with the Coleman Park community.
